

Describe any experience you have teaching English in your country. If you haven't taught English before, explain any support you have given other students to help them learn or study. Your application will be stronger if you can include information about teaching materials you have used or created.

Why would you like to learn more about teaching English? What do you want to learn from this Workshop?

One of the goals of the English Workshop program is that FLEX and YES students teach English when they go home. Please give specific details about where you plan to teach English in your home community. For example, is there an English Access program (English Access Microscholarship Program) in your home town? Is there a school where you plan to teach? Do you plan to create an English program? Please be very specific and give the name and location of any school or institution where you plan to work.
